## PRIMARY LOGO

To be used on all corporate collateral and to be treated as the default logo unit. This is used where the logo needs to be used as a brand identifier.

## ALTERNATE LOGO

Our alternate logo unit can be used depending on the medium and the context.

## CLEAR SPACE REQUIREMENT

Always leave sufficient relief area around the logo on all four sides.

The 'exclusion zone' refers to the area around the logo which must remain free from other copy to ensure that the logo is not obscured. As the diagram indicates, the 'exclusion zone' is equal to that of the cap height of Himalaya. The same exclusion zone applies when the alternate logo is used.

ORGANIZATION

We're constantly growing as a brand, and these guidelines are intended to enable a uniformity in the way we communicate. Things at Himalaya Group move quickly, which means portions of this booklet may well have become redundant in the time it took you to read through to this page. But for now, however briefly, this is the end.
